

## Intermediate Membership Opportunity

The Cardinal Club has created a new category of membership to appeal to young families looking for a great place to spend quality time together.

Here are the basics... The dues and initiation fees are significantly less than a typical full-golf membership to appeal to young families just starting out yet you get to enjoy all the benefits. Plus, there are no food & beverage minimums or additional fees to use the practice areas.

### Intermediate Golf Membership

This category of golf membership entitles those under the age of 33 to unlimited use of Cardinal Club amenities including the golf course, practice areas, swimming pool, and clubhouse.

#### Monthly Dues

Age 22-27 \$ 220

Age 28-32 \$ 245

Initiation fee is only \$2,000 total, with \$500 down and the balance paid over up to four years. Sons and daughters of current CC members save \$500!

The Cardinal Club is perfect club for a family with young children. Everyone can enjoy the phenomenal practice areas, the refreshing swimming pool and the family-friendly golf course. Plus, its relaxed and informal atmosphere makes you feel comfortable the minute you arrive.
